Welcome to Our Educational Consulting & Guidance Services

Education is not just a means to a successful career It is essential to support for an excellent life as well.

That is why we at ECGS ensure that our educational services and guidance not only build competitive aspirants but open up their minds and make them receptive to the basic values of life. Every person has the right to have quality education.

It is this belief and needs that led us to a learning concept that could be accessible to all learners of all economic and social backgrounds, from providing them with educational services to guiding them to a brilliant future.

Our Mission

“ To be an effective bridge between the universities and students to provide genuine information and counseling on the higher education opportunities. ”

To provide quality educational services o the community at large.

Our Vision

The task of the modern educator is not to out down jungles, but to irrigate deserts"

Education is a vital part of our life, and often lays foundation to array of opportunities. But what is even greater is the role of a consultant who assists people in laying this very important foundation.

Though, it seems a great job but it requires tremendous expertise and knowledge in the respective industry. With 60 percent of the Saudi population are under the age of 20 and a high population growth rate being recorded by the Kingdom, unprecedented op-portunities are available for institutes involve in all aspects of education. In view of this unexplored demand of good education for the expatriates from all part of the world and the residents of Saudi Arabia, ECGS with branches in Riyadh and Dammarn Khobar and Head quarters in Jeddah, has a mission to cater and promote education in Saudi Arabia.

At ECGS our main goal is to provide significant edification to people of all walks of life.

Educational Consulting & Guidance Services

Represents Indira Gandhi National Open University (IGNOU) in Saudi Arabia as a Partner Institute since 2004.

Indira Gandhi National Open University (IGNOU)

is the largest Mega University in the world, established by an Act of Indian Parliament in 1985 with objective to disseminate high quality higher education through distance mode.

As an Open University, IGNOU has come a long way since 1985, having crossed national boundaries providing higher education as well as assisting other developing countries in this regard.

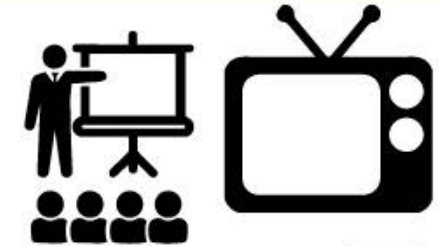

In 1996 the International Cell of IGNOU was assigned the task of promoting the offering of the academic programmes by establishing bilateral and multi-lateral co-operation and exchanges at the international level.

Currently IGNOU's academic programmes are on offer in 28 countries across Asian, Middle East and African Countries.
